

Good Afternoon Our Amazing AMS Families,

As you are aware, our metrics indicate our school needs to move into distance learning. Our AMS staff is truly saddened, because we feel we made great strides and progress while we were in the in-person model. Please remind your student to log into all classes daily. Attendance is a huge factor in student success.

Along with attendance, student effort and motivation also play a significant role in success. If your child is struggling we have support available. AMS offers 21st Century tutoring for all students. Please reach out to our front office to sign up. We have over 90 students enrolled, but only 30 are taking advantage of the extra help. Our tutoring will move to a digital model as of next week. Your child can log on from home and receive support in reading and math. There is no excuse for failing classes! We have the support available for your child.

AMS is also available for social emotional support. These times are challenging for everyone, especially our children. Please know we are here to support your child and your family. Our SEL may be reached via email or phone. Our emails can be found on our AMS website.

Attached you will find the Distant Learning schedule. Our teachers have uploaded schedules into google classroom as well. If you have questions or concerns please feel free to call me. I am confident that together we can ensure your child succeeds!

Thank you for being part of the AMS family! We appreciate you and we look forward to seeing our students virtually, but we can't wait to have our students return in person! Have a wonderful holiday break, filled with health and happiness.

Sincerely,

Ms. Linn
