

Google Classroom

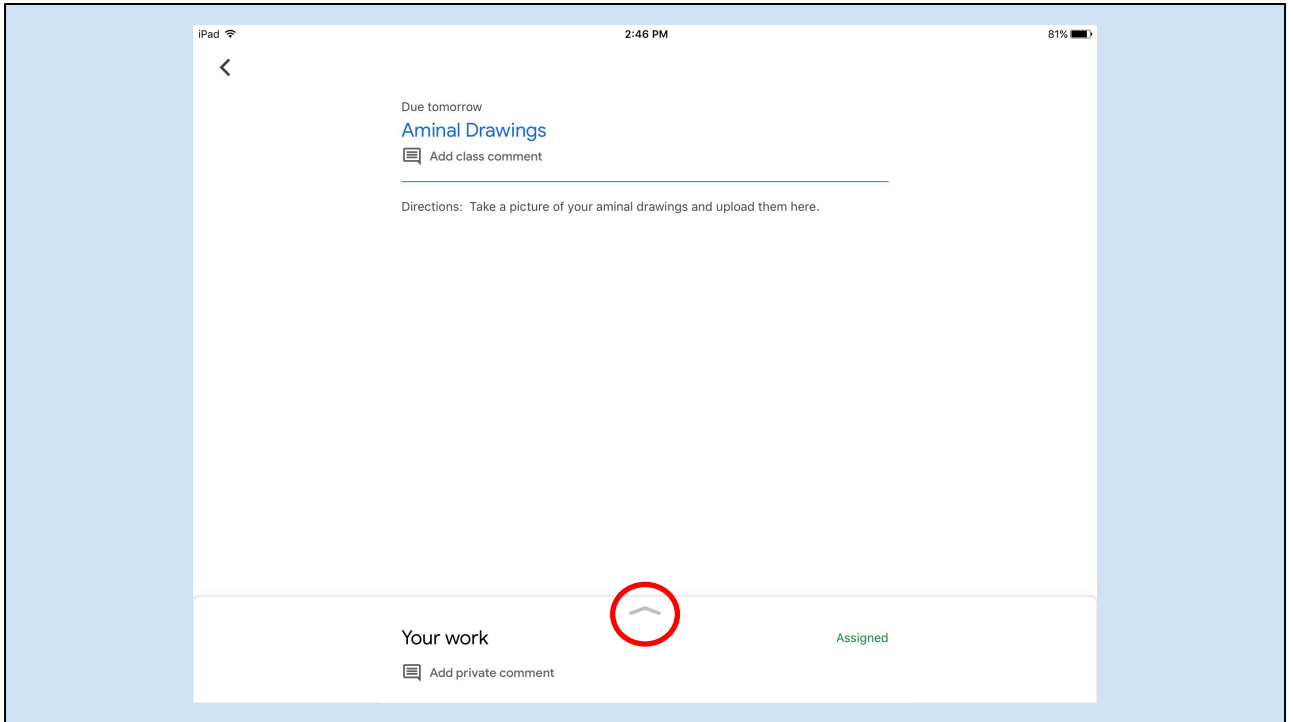

Add Attachment

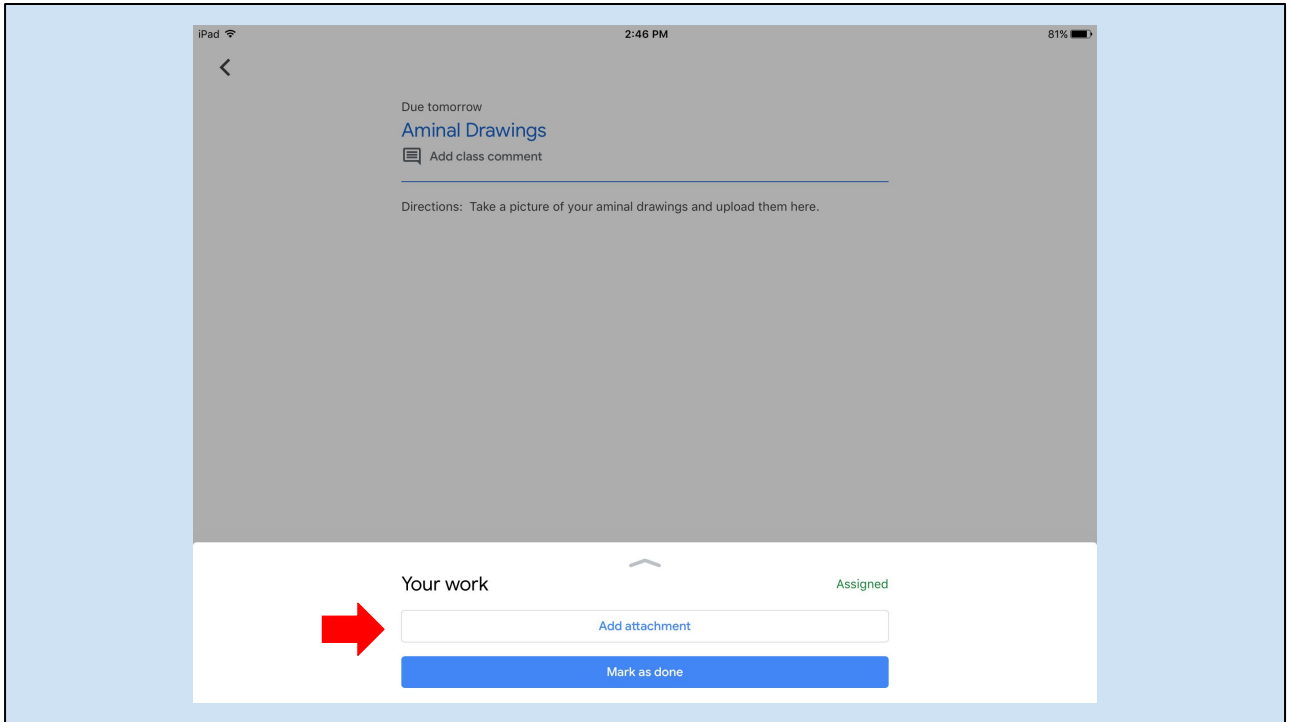

Click on the class you need.

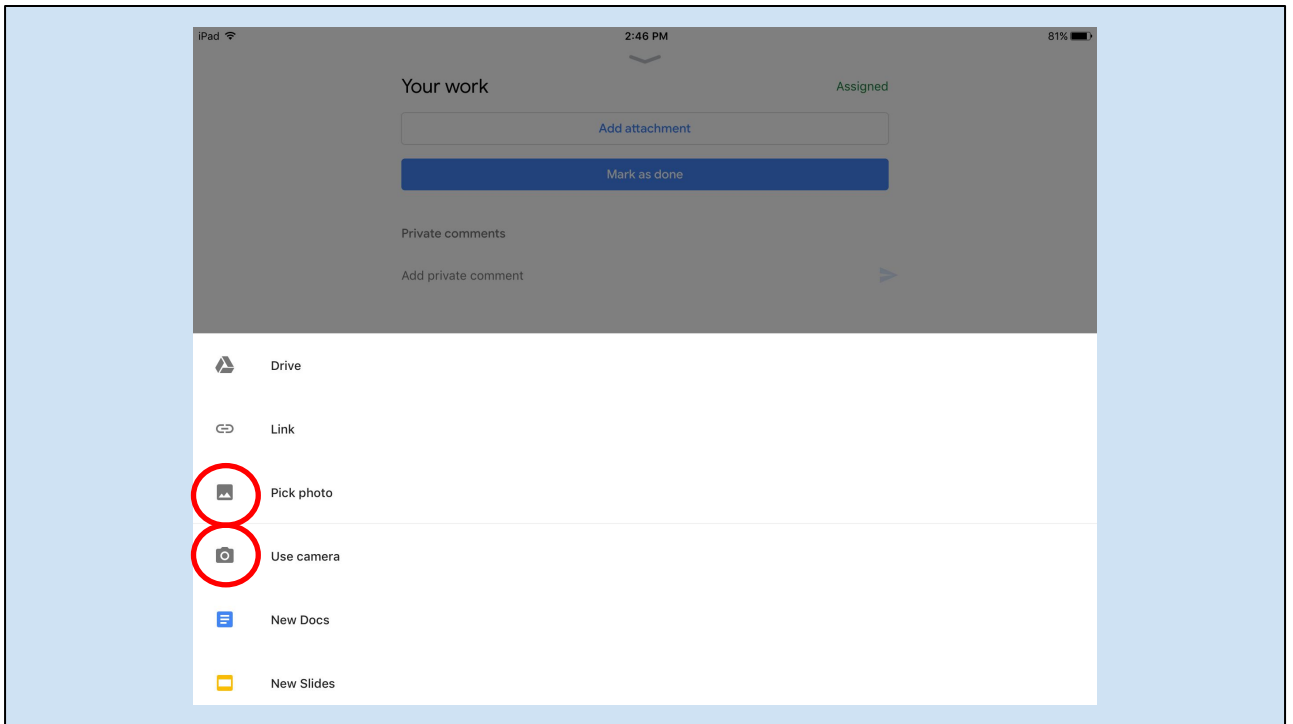

Click on the classwork tab. You will see your assignments here. You click on the tab to get to the assignment. If you do not see the assignment, pull down the screen to reload the page.

This is what the assignment will look like when you click on it. To get to your assignment, click on the up arrow.

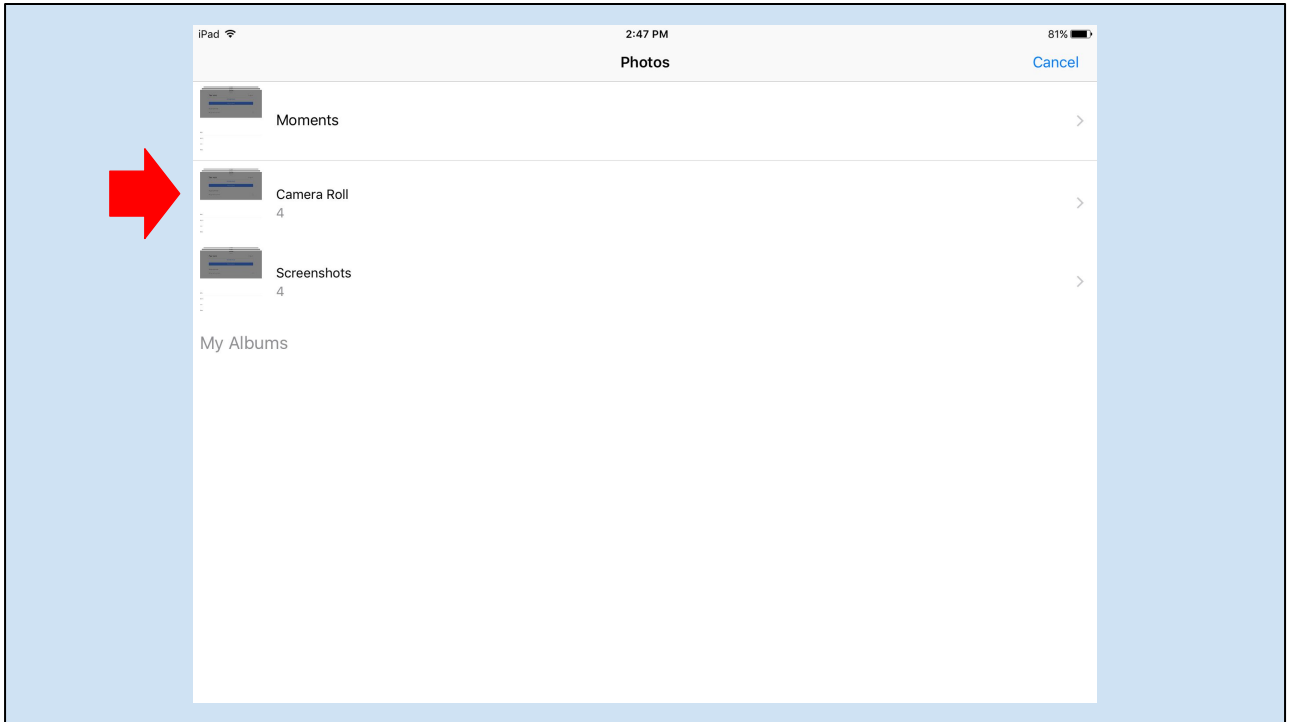

Click on Add attachment.

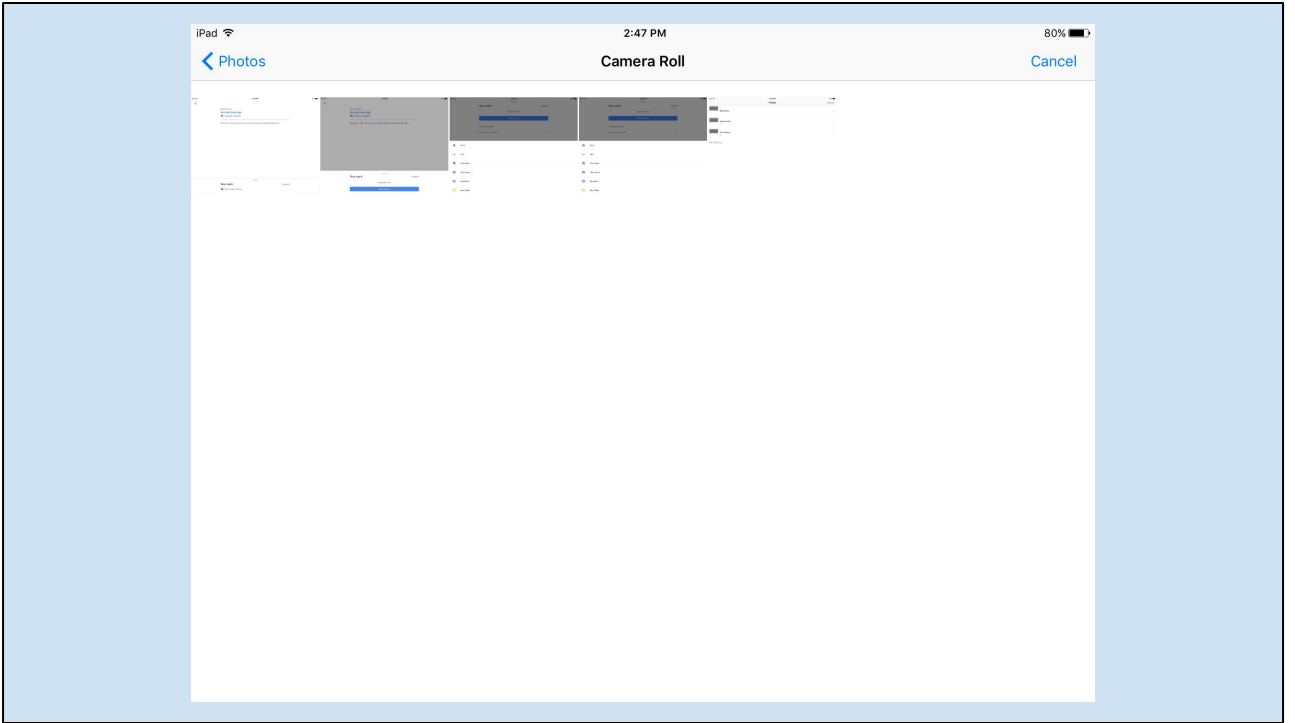

If you already took a picture and need to upload it, click Pick photo. This is the option you will be using the most. If you need to take a picture with your camera, click Use camera. The first time you do this a box will pop up that asks if Classroom can access your photos and your camera. Click Yes.

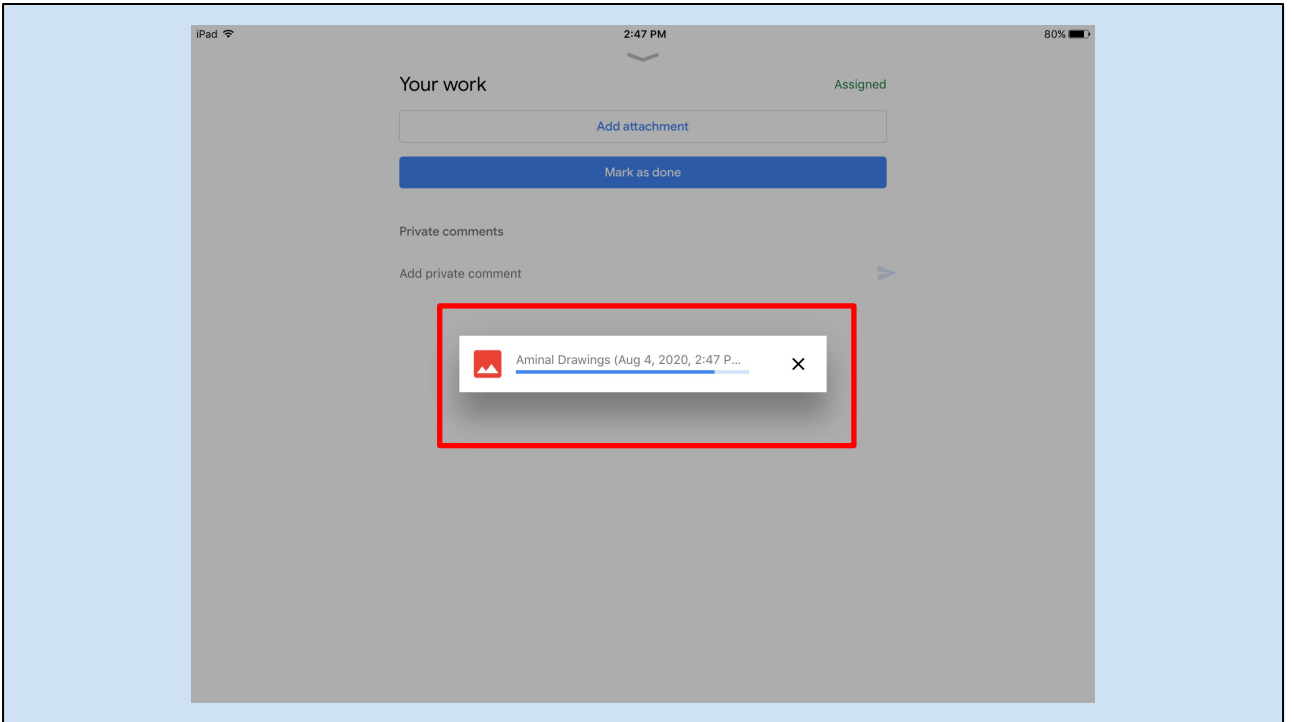

The other options we will not be using in 2nd grade.

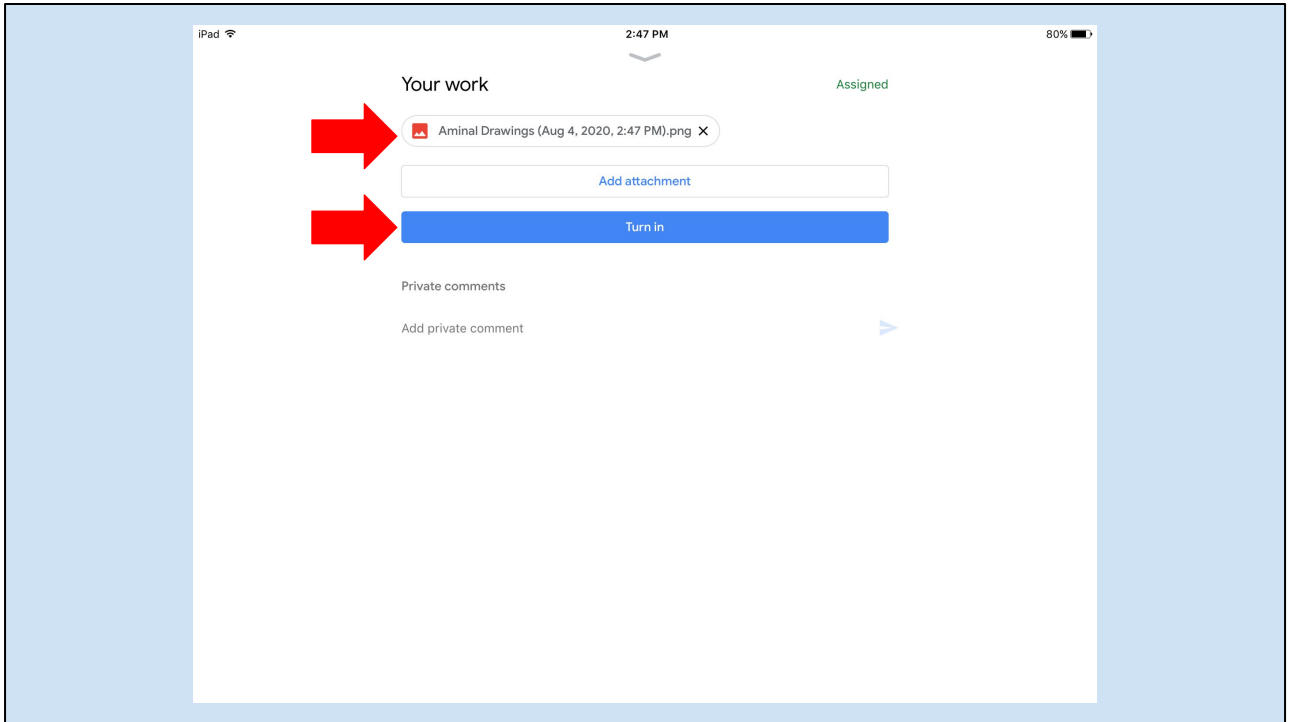

When you click on Pick photo, this will appear. Click on the Camera Roll.

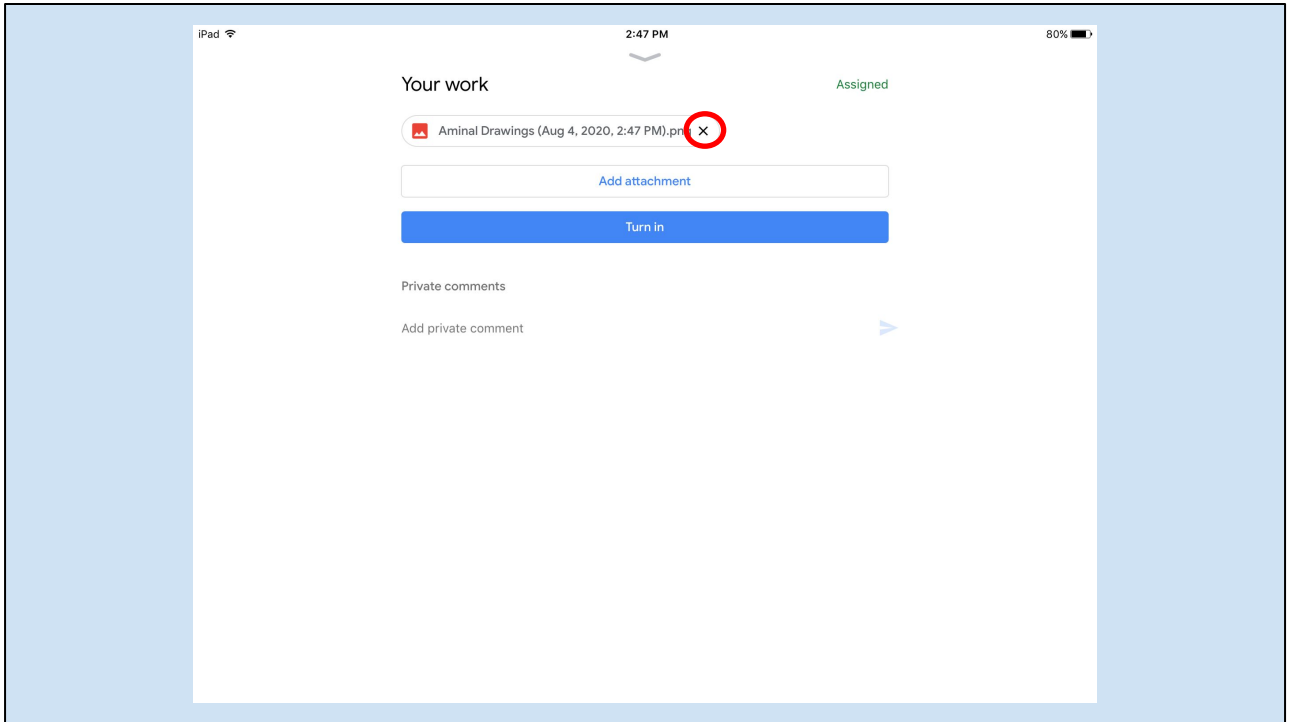

Select the picture you want to upload.

Wait while this box finishes uploading.

You will see your picture appear as an attachment. Be patient. It takes a while to upload. Once it appears, click turn it in.

If you realize that you have uploaded the wrong picture. Click the X to delete your current photo and upload the correct one.
