LEADING IN THE SOUTHWEST

Avondale Elementary School District is proud to have the highest percentage of A rated schools in the Southwest Valley. Avondale continues to excel academically and professionally - being one of the reasons why AESD continues to be the district of choice for many families.

Avondale Elementary School District currently has four A rated schools, classified by the state of Arizona. The first to receive the outstanding grade was Wildflower Accelerated Academy, who has held the rating for three consecutive years. Desert Thunder School and Centerra Mirage STEM Academy followed and were announced as A rated schools for the second consecutive year. Copper Trails School is the newest school to join the list, being announced as an "A" school in November of 2019. Michael Anderson School was less than a point away from receiving an A rating.

"The system measures year to year student academic growth, proficiency on English language arts, math and science, the proficiency and academic growth of English language learners - indicators that an elementary student is ready for success in high school," according to the Arizona State Board of Education.

DON'T WAIT... SECURE YOUR SPOT

Avondale has been the district of choice for many generations. Kindergarten registration for the 2020-2021 school year is now available at each of our schools. Our kinder round-up events with informational meetings and tours will be posted on our social media in January. Don't wait and ensure your child is registered for the upcoming year at your preferred school!

Preschool is also an option for your child at four of our campuses. Full-day and half-day options are available to fit your family's needs. Click below to learn more.

MICROSOFT VISITS AESD

Microsoft's Community Development leadership team reached out to Avondale Elementary School District for an opportunity to collaborate with our students and receive their input and expertise. The tech company invited our Chief Science Officers to participate in a meeting with their leaders where students pitched ideas for the new data centers expected to open soon in Goodyear.

CSOs shared their community action plans and collaborated to see how their STEM ideas could help further efforts in their upcoming projects.

Thirty students from Avondale and Dysart engaged in dialogue with Microsoft at the AESD Board Room.

ALL THINGS AAVONDALE...A

Join the district in celebrating the 15 days of December. Each year in December, AESD posts daily videos where you get to learn more about our excelling schools and programs across the district. Offering opportunities for every child at AESD!

Join us on our district's official social media sites. You can find AESD on Facebook, Instagram and Twitter as @avondaleesd.

This year, we are sharing the 15 top reasons why families continue to choose Avondale as their district of choice. Join the conversation, share our posts and use our hashtag #IChooseAvondaleESD.

Is there something you would like to share about our amazing schools? Give your teacher a shoutout, post about your child's honor roll or even a field trip photo... share it with AESD! Post it and use our hashtag for a chance to be featured #IChooseAvondaleESD.

TOP
REASONS
WHY
FAMILIES
CHOOSE
